

<http://www.colmex.mx/ceh/petroleo/page.php?5>

Observatorio Ciudadano de la Energía

<http://www.energia.org.mx/>

Sitio importante que contiene una serie de documentos enfocados al estudio de la energía, el petróleo y la electricidad, así como su repercusión en el medio ambiente. En este sitio, también se encuentran documentos importantes sobre la discusión de la reforma energética.

Red Mexicana de Energía

<http://www.remexen.org/>

La Red Mexicana de Energía conjuga a un grupo de expertos, académicos y miembros de la sociedad civil que buscan promover un diálogo nacional sobre los retos que enfrenta el sector energético. Esta red tiene el objetivo de promover el debate sobre los temas relativos a los retos, propuestas e iniciativas que contribuyan al desarrollo de este sector. En este sitio se puede encontrar información referente a conferencias, mesas redondas, publicaciones y editoriales. Tiene una sección especial de Noticias en forma de artículos de prensa y de revistas.

PEMEX Sala de Prensa

<http://www.pemex.com/index.cfm?action=news>

Este sitio de Peroles de México es el encargado de divulgar toda la información de la empresa. En este apartado se puede encontrar información sobre conferencias, discursos, campañas de medios, eventos, boletines de prensa y boletines regionales para información más detallada sobre las actividades de la empresa a nivel estatal y regional.

Instituto Mexicano del Petróleo (IMP) Sala de Prensa

<http://www.imp.mx/comunicacion/prensa/>

Este sitio del IMP es el encargado de la difusión de información; en él, se puede encontrar información sobre publicaciones referentes al petróleo y al tema de los energéticos en general. De igual manera es posible consultar la Gaceta IMP en su versión electrónica en la cual se encuentran información referente a: la vida institucional del IMP, PEMEX, noticias sobre la frontera y secciones especiales dedicadas a la promoción del debate.

Crisis energética

<http://www.crisisenergetica.org/>

En este sitio Web se puede encontrar información relativa al estado que guardan los energéticos en la actualidad. En esta página es posible encontrar una serie de editoriales referentes a las empresas petroleras el mundo. El sitio también ofrece un número importante de comunicados, artículos, noticias e informes sobre el particular. De igual forma se pueden consultar los Boletines de la Asociación para el Estudio del Cenit del Petróleo y el Gas (ASPO).

Energía a Debate

<http://www.energiaadebate.com/>

Esta revista es dirigida por David Shields, periodista y especialista en petróleo mexicano e internacional, y tiene como objetivo principal contribuir en forma constructiva al debate sobre el futuro de la industria energética nacional, a través de la publicación de textos escritos por connotados expertos, técnicos, empresarios e investigadores, quienes brindan su análisis y opiniones sobre temas medulares y actuales en lo que respecta al desarrollo del sector energético. Los artículos se pueden bajar en PDF y son gratuitos.

Titulares y Noticias de Petróleo en Venezuela

<http://www.guia.com.ve/noticias/tema/petroleo>

En este sitio se pueden consultar las noticias más sobresalientes sobre la industria petrolera en Venezuela por fechas. Su archivo de noticias es bastante completo y cuenta con un buscador accesible para encontrar fecha, países y temas en particular.

Energía

<http://www.energia.com/>

Este sitio web que dirige George Baker, consultor y especialista en el petróleo mexicano e internacional, ofrece información sobre asuntos especiales en mercados de energía mundiales, con énfasis en el caso único de México. Además, ofrece una serie de artículos de connotados expertos y una sección de noticias sobre el papel que juega la industria a nivel nacional e internacional.

Asociación Mexicana para la Energía y el Desarrollo Sustentable A.C. (AMEDES)

<http://www.amedes.org.mx/>

Esta asociación, que reúne un gran grupo de expertos de México en petróleo, tiene por objetivo promover el desarrollo y el uso pacífico de los recursos energéticos tanto a nivel nacional como internacional. En este sitio se puede encontrar información referente a conferencias, mesas redondas, publicaciones y editoriales. Tiene una sección especial de Noticias en forma de artículos de prensa y de revistas.

Wilson Center Launches Web Resource on Mexico

<http://www.wilsoncenter.org/mexicoportal/>

Este nuevo sitio contiene una sección de análisis, reseñas y noticias sobre la industria petrolera mexicana y algunas de América Latina.

Sitios con documentos del debate de 2008 sobre petróleo

Senado de la República Reforma Energética

http://www.senado.gob.mx/reforma_energetica/

Este es el sitio del congreso en donde se puede encontrar toda la información referente al debate sobre la Reforma Energética. En esta página se puede encontrar información sobre las iniciativas, acuerdos y el foro de debate desprendido de esta iniciativa de ley.

Foros de debate sobre la Reforma Energética

<http://reformaenergetica.blogspot.com/>

Es un sitio visualmente muy dinámico que contiene los videos de los actores y ponencias que se han presentado en el Senado de la República con motivo de la discusión sobre la Reforma Energética propuesta por el Legislativo.

Debate Universitario sobre la Reforma Energética-UNAM

<http://www.reformaenergetica.unam.mx/>

Este sitio esta dedicado a la discusión de diversos foros que se han llevado acabo en la Universidad por parte de un buen número de especialistas con motivo de discutir la Reforma Energética, desde diversos enfoques, jurídico, económico, social y tecnológico, durante el mes de junio de 2008.

Podcast

UNAM

<http://podcast.unam.mx/?cat=35>

Podcast UNAM es un servicio de publicación y distribución en línea de acervos de audio y video con fines académicos y de investigación. Es proporcionado desde la Dirección General de Servicios de Cómputo Académico de la Universidad Nacional Autónoma de México, Ciudad Universitaria México D.F. Este sitio contiene videos de las sesiones celebradas en el Debate Universitario sobre la Reforma Energética durante los meses de junio y julio de 2008.

 **FORO** **UAM** **DE** **ENERGIA**
<http://www.foroenergia.uam.mx/>

Es un interesante sitio que incluye ponencias del Seminario “La UAM y la reforma energética. Una perspectiva académica”, llevado a cabo el 28 de mayo de 2008.

 **Fundación para la Democracia, Alternativa y Debate**
<http://www.fundad.org/energeticos/portadas/portforo.html>

Este sitio contiene un apartado “Foro Perspectivas del Sector Energético”. En este apartado hay una serie de ponencias de petróleo interesantes que se presentaron en la Casa Lamm en marzo del 2008, estas ponencias se pueden descargar en texto completo.

Energy **Industry** **Today**
EIN News es una de las principales agencias de noticias en línea
<http://energy.einnews.com>

Energy **Intelligence**
Agencia que reporta sobre datos e información para la industria energética mundial
<http://www.energyintel.com/>

Iinoil
<http://www.iinoil.com/>

Latin **Petroleum** **Analytics**
Publica The LatAm Energy eDaily que es gratis con registro así como The LatAm Energy Journal, The LatAm Energy Investor, y The LatAm Energy Research Review que se ofrecen en suscripción
<http://www.latinpetroleum.com/>

MENAFN.com
Un portal de Medio Oriente que incluye mucha información sobre el petróleo y base de datos sobre empresas
<http://www.menafn.com/>

Nickle's **Canadian** **Oil** **Register**
Portal para información sobre empresas petroleras canadienses. Incluye gratis Canadian petroleum news y los archivos históricos del Daily Oil Bulletin que cubre la industria del petróleo canadiense desde 1992.
<http://www2.canadianoilregister.com/>

Offshore-Technology.com
Agencia sobre que reporta noticias sobre petróleo y gas industrial
<http://www.offshore-technology.com>

Oil **and** **Gas** **Online**
<http://www.oilandgasonline.com>

Oil.com
Noticias internacionales sobre petróleo
<http://www.oil.com>

Oil Prices
<http://www.oilprices.com>

Petroassist.com
Incluye perfiles de empresas de todo el mundo
<http://www.petroassist.com/index.asp>

Petroleum Bazaar
Portal de la industria de gas y petróleo de la India
<http://www.petroleumbazaar.com/>

Petroleum Navigator
Portal del U.S. Dept. of Energy, Energy Information Administration
http://www.eia.doe.gov/oil_gas/petroleum/info_glance/petroleum.html

Petro-plaza
<http://www.petroplaza.com>

Petroleum World
Is a free service web site that provide real time news and information on Latin America, Bolivia, Brazil, Mexico, Peru, Trinidad and Venezuela's Energy, Oil & Gas industry prepared by professionals in the area and using the latest technological advances in communication.
<http://www.petroleumworld.com/index.htm>

Subsea Oil and Gas Directory
<http://www.subsea.org/aboutus.html>

World Oil.com InfoCenter

Revistas actuales sobre petróleo

La Biblioteca del Congreso de los Estados Unidos tiene una buena página sobre petróleo y gas que incluye referencias a numerosas revistas en inglés así como sitios de referencia importantes. Las revistas que citan incluyen las referencias a su número de catalogo en dicha biblioteca pero puede servir para búsquedas complementarias, aunque debe tenerse en cuenta que muchos requieren suscripción. (En muchos casos pueden consultarse en la biblioteca del Instituto Mexicano del Petróleo y en la biblioteca de la Facultad de Ingeniería de la UNAM). Los textos abajo provienen de: <http://www.loc.gov/rr/business/BERA/issue5/news.html>

Fuel Oil News. Morristown, NJ : Publex Corp. Monthly. 1935 to present.
[Publisher](#) [Link](#).
LC Call Number: HD9561 .F84
LC Catalog Record: [91656065](#)

News for those involved in the fuel oil industry.

Natural Gas Week. Washington, D.C.: The Oil Daily, Inc./Energy Intelligence Group. Weekly. 1985 to present.

[Publisher](#) [Link](#)

LC Call Number: Current Issues Only

LC Catalog Record: [sf 90016771](#)

Newsletter and special reports on oil and gas pricing and developments domestically and internationally, including industry trends, news, spot prices, and storage capacities. Headlines for the current issue may be viewed online from the publisher's web site, and back issues from January 1996 to the present may be searched online; however, access to the full text is by subscription only.

National Petroleum News (NPN). Cleveland, Ohio : National Petroleum Publishing Co. Weekly/Monthly

1909 - present.

[Publisher](#) [Link](#)

LC Call Number: HD9560.1 .N3

LC Catalog Record: [55003942](#)

Offshore. Conroe, Tex. : PennWell Pub. Co. Monthly 1954 - present.

[Publisher](#) [Link](#)

LC Call Number: TN871.3 .O3

LC Catalog Record: [67003959](#)

Articles/information with analysis, charts, illustrations, and market statistics on offshore oil and gas operations and deep offshore markets around the world. Topics covered include seismic services, exploration, drilling, production, processing, pipelining, operating problems and design solutions. Selections from the current issue are available online without charge, and back issues for the last ten years may be searched without charge. A subscription is required to view the full text.

Oil & Gas Journal. Conroe, Tex. : PennWell Pub. Co. Weekly/49 no. per year. 1910 - present.

[Publisher](#) [Link](#)

LC Call Number: TN860 .O4

LC Catalog Record: [ca 12000708](#)

Also available in microform:

LC Microform Number: 01993 (Microform RR)

LC Microform Catalog Record: [sn 94094988](#)

Articles/information with analysis, special reports, charts, illustrations, and market statistics and news on the oil and gas industry and technology. Table of contents from the current issue are available online without charge, and back issues for the last fifteen years may be searched without charge. A subscription is required to view the full text.

Oil and Gas Investor. Denver, CO: Investor Pub. Co. Monthly. 1981 - present.

[Publisher](#) [Link](#)

LC Call Number: HD9561 .O49

LC Catalog Record: [82643824](#)

Analysis and market statistics on the petroleum and power industry. Tables of

contents for the last five years are available online from the publisher. Access to the full text requires a subscription.

OPEC Review. Vienna: Organization of the Petroleum Exporting Countries. Quarterly. October 1976 - present.
LC Call Number: HD9560.1 .O55
LC Catalog Record: [81641392](#)

Once published by Pergamon now published by Blackwell, the OPEC review is a selection of original analytical papers on energy economics and related issues.

Platt's Oilgram Price Report. New York: McGraw-Hill. Daily. Volume 57, number 1, January 2, 1979 to present.
[Publisher](#) [Link](#)
LC Call Number: HD9561 .P54
LC Catalog Record: [83640200](#)

Begun in the mid 1950's and known variously as [Platt's Oilgram News Service](#), and [Platt's Oilgram News](#), this daily report, according to the publisher, covers market changes, market fundamentals and factors driving crude and oil product prices, both domestically and internationally. Also includes netback tables, and other market critical data.

Oil Daily. Washington, D.C.: Oil Daily Co./Energy Intelligence Group. Daily. 1951 to present.
[Publisher](#) [Link](#)
LC Call Number: HD9561 .O53
LC Catalog Record: [59030956](#)

Newsletter and special reports on oil and gas pricing and developments domestically and internationally. According to the publisher, the newsletter focuses on the North and Latin America oil and gas industries, but also includes global coverage of worldwide upstream and downstream developments, market trends, business deals, and regulatory and legislative changes affecting the petroleum industry. Headlines from the current issue are available online without charge. Issues of Oil Daily from December 1999 to date may be searched online from the publisher's web site; however, access to the full text is by subscription only.

Petroleum Intelligence Weekly. New York: Petroleum Intelligence Weekly/Energy Intelligence Group. Weekly. 1982 to present.
[Publisher](#) [Link](#)
LC Call Number: HD9560.1 .P62
LC Catalog Record: [74645325](#)

Aimed at top petroleum executives, this newsletter tries to offer a broad, international perspective and analysis at the macro level, of the most significant news developments on oil and gas pricing relating to the petroleum business. Headlines from the current issue are available online without charge. Issues of Petroleum Intelligence Weekly from 1990 to date may be searched online from the publisher's web site; however, access to the full text is by subscription only.

Internet

Resources

Energy.

Organization for Economic Co-operation and Development (OECD).
<http://www.oecd.org/topic/>

Includes energy statistics, publications and documents, and information by country on OECD member countries. Much of the information is from the International Energy Agency (IEA). OECD's online subscription product, [SourceOECD](#), contains additional OECD produced material that is not available on the organization's open site.

Energy Intelligence publications.
Energy Intelligence Group, Inc.
<http://www.energyintel.com>

Newsletters available by subscription only from the web site include: Energy Compass, Energy Intelligence Briefing, Energy Network, International Oil Daily, International Petroleum Finance, Jet Fuel Intelligence, Natural Gas Week, Oil Daily, Oil Market Intelligence, Petroleum Intelligence Weekly, and World Gas Intelligence.

Energy Markets: Understanding Current Gasoline Prices and Potential Future Trends.

Washington, D.C. : U.S. General Accounting Office. GAO-05-675T, May 9, 2005.
<http://www.gao.gov/new.items/d05675t.pdf> [PDF format: 232 KB/ 23 p.]

This report addresses factors that help to explain today's high gasoline prices in the nation as a whole and specifically in California. In addition, potential trends that may impact future prices of crude oil and gasoline are addressed.

Energy Reports.
Library of Congress. Congressional Research Service.
<http://www.ncseonline.org/NLE/CRSreports/energy/>

Reports prepared for Congress by the Congressional Research Service. The reports are made available by The National Council for Science and the Environment (NCSE) which has no affiliation with the Congressional Research Service. Some reports are available in PDF format.

Major Integrated Oil & Gas.
Yahoo! Finance. Industry Center.
<http://biz.yahoo.com/ic/120.html>

Includes links to Yahoo! articles on the topic, company information, and a market summary.

NPNWeb. Adams Business Media.
<http://www.npnweb.com/>

The site provides access to the online news service, National Petroleum News, which is free to those in the retail petroleum and convenience store industry, although registration is required; in addition, the site serves as a portal to oil and gas information.

Oil News. WN Network.
<http://www.oilnews.com/>

News on various aspects on the oil and gas industry. Also includes statistics and pricing information.

OPEC: The oil cartel BBC.
<http://news.bbc.co.uk/1/hi/business/689609.stm>

Includes a brief introduction to OPEC as well as links to BBC stories on oil and gas and background information on oil markets and alternatives to oil.

OPEC News. WN Network.
<http://www.opecnews.com/>

The site provides news on energy and oil. It is not affiliated with OPEC.

PennWell Petroleum Group.
<http://os.pennnet.com/>

In addition to providing access to several publications including Oil & Gas Journal, Off-Shore, Oil & Gas Finance Journal, (available by subscription only), the site also serves as a portal to other related information on the oil and gas industries.

Platts publications.

Platts/The McGraw-Hill Companies.

<http://www.platts.com/>

Canadian Energy Research Institute

Este instituto fundado en 1975 ofrece servicios de información para sus [miembros](#) que incluyen departamentos del Gobierno de Canadá en los niveles Federal y Provincial, así como la Universidad de Calgary y unas cien empresas privadas del sector energético.

<http://www.ceri.ca/index.asp>

Para [estadísticas actuales e históricas](#), es indispensable acudir al excelente sitio del gobierno canadiense, que incluye series de tiempo muy amplias.

http://www.statcan.ca/english/freepub/11-516-XIE/sectionq/sectionq.htm#Q1_5

Unión Europea Energía

Sitio oficial con conexiones a todos los aspectos de la energía en la UE. Tiene enlaces con *Eurostat*, que es la agencia estadística europea, y es probablemente la mayor del mundo. Tiene la ventaja de enviar gratis cualquiera de las tablas estadísticas a la dirección electrónica del usuario

http://europa.eu/pol/ener/index_en.htm

Energy Information Administration

Éste es uno de los mayores sitios oficiales de información sobre energéticos en el mundo. Contiene una cantidad enorme de estadísticas sobre el petróleo y otros energéticos, incluyendo series actuales e históricas. Asimismo cuenta con innumerables artículos sobre los precios, producción, comercialización y tecnología de los diferentes energéticos.

<http://www.eia.doe.gov/>

American Petroleum Institute

La mayor agrupación o instituto de ingenieros petroleros de los Estados Unidos. La descripción de sus unidades de docencia dice: "API University is dedicated to providing excellence in petroleum industry training. Because API has access to the largest pool of subject experts in the industry, our programs are taught by the best trainers who utilize today's innovative methods. Su sitio contiene numerosas publicaciones y reportes

<http://api-ec.api.org/>

Oxford Institute for Energy Studies

Sitio importante para investigaciones sobre el petróleo

<http://www.oxfordenergy.org/index.php>

En este sitio se encuentra una multitud de artículos analíticos de gran interés. Por ejemplo, un reciente artículo es: "Mexico's energy dilemma: resource nationalism vs market liberalization" por Rolando Fuentes Oxford Energy Comment March 2007, para consulta ver el siguiente anexo:

http://www.oxfordenergy.org/pdfs/comment_0307-3.pdf

Center for Energy Economics: University of Texas

Este es un centro de investigación de gran relevancia: Su descripción de sitio dice:

"We work to help prepare energy industry managers and their legal advisors, and government policy makers and regulators, for more competitive global energy markets. Our research focus is on frameworks for commercially viable energy projects and the business-government interface."

<http://www.beg.utexas.edu/energyecon/about.php>

Cambridge Energy Associates

Sitio privado de investigación de energía, y en particular petróleo, muy conocido y productivo.
